On Tuesday, July 31, voters will decide if 12 designated districts across Georgia will be authorized to collect a one-cent sales tax for the next 10 years to be devoted exclusively to local and regional transportation projects. Funds collected in a district could only be spent in that same district and only to move forward projects chosen by local

elected officials. More than 1,600 such local projects throughout the state have been selected by city and county leaders. For further information on the important Transportation Referendum, please visit:
